

Beauty Therapy

> What is this course?

This two year Beauty course will cover Personal Presentation and Nail Care to the standard required by industry.

> Course content:

3rd year pupils will study maintenance of personal appearance, which includes:

- Skin care preparations
- Make-up application
- Personal presentation

4th year pupils will study nail care, which includes:

- Performing nail treatments to the hand and foot (manicure and pedicure)
- Nail aftercare
- Nail anatomy and growth
- Nail art

> Course assessments:

Written and practical work is assessed in this subject.

> Who should consider this course?

Anyone who enjoys hands-on learning and wishes to acquire practical skills. You will also be required to participate in written work and homework when required.

> What makes this option different?

The main difference between this course and your other standard grades is that we have made the learning "more realistic" for you. You will learn practical skills which will prepare you for college or employment.

> What can I do when I finish the course?

You can study the NQ Beauty Care full-time at Coatbridge College.

"I didn't realise there was so much in beauty, this has been great fun and I've loved it."

**Stephanie Gallagher,
Airdrie Academy**
